I have just completed a Bachelor of Science majoring in Computer Science and minoring in Information Science at the University of Otago. I have a passion for sports and gaming, and enjoy being creative. I draw a lot of satisfaction from working hard on a project and looking at something I've created and can be proud of. I am a quick and effective learner and have good practical abilities shown by my grades at school and my achievements in sports. I am reliable, conscientious and have a good work ethic, which is the leading contributor to my grades. I work well in a team: I have achieved well in sports: been a part of various academic teams; and learnt a lot about teamwork at Outward Bound.

### **Education**

- Have met all requirements to graduate with a Bachelor of Science, majoring in Computer Science and minoring in Information Science (University of Otago)
- Excellence endorsement in Level 1, 2 and Merit endorsement in Level 3
